

**CE Manufacturer Declaration of Conformity**

In accordance with CE – Direction 2006/95/EG

Herewith we,

**KAUFMANN UMWELTECHNIK GmbH**  
**Flienkenstrasse 5**  
**79664 Wehr, Germany**

declare, that the

**Ozone Generation System type OZ xxxx**

Serial number Pxxxxx

Manufactured by Kaufmann Umwelttechnik GmbH, complies with all relevant guidelines:

**CE-Guidelines 2006/95/EG**, guidelines of the council for approximation of laws and practices of the member states related to electrical assemblies within defined ranges of voltage:

Applied harmonised standards, in particular:

**DIN EN 60439-1/08.2000** Low voltage switchgear and control gear assemblies part 1 Type tested and partial type tested assemblies  
(VDE 0660 Part 500 / 08.2000)

Applied national guidelines:

**VDE 0100 / 5.73** including supplement issues  
Regulations for assemblies rated voltage not exceeding 1000 VAC

**VDE 0101 / 10.89** Regulations for assemblies with rated voltage exceeding

1000VAC Applied standards:

**DIN 19627 / 3.93** Ozone generators for the use of water treatment

Production of ozone generators is controlled continuously on our sole responsibility and is followed by a hundred per cent quality control.

If the ozone generator(s) is/are modified without our approval and consent, this certificate becomes invalid.
